Official Organ County Commissioners.

THURSDAY, JUNE 5, 1902

Florida's delegation in Congress is entitled to everything good that can be said of them as individuals for their excellent work in securing the payment of the Indian war claim.

The editor of this paper gratefully acknowledges the receipt of invitations to attend the commencement exercises of the Agricultural college at Lake City and the Normal Institute at Jasper.

Editors throughout the State will now have to find some new material to write about. Florida's Indian war claim has ceased to be a theme now that the bill providing for its payment has become a law.

Candidates are beginning to come forth from their hiding places and let the people know they are out. Voters will do well to study the announcement columns of this paper and learn just who they are who aspire to serve them in offices for the next two years.

William Jennings Bryan since his recent visit to Cuba has given out the following direful prophecy: "I predict," says Mr. Bryan, "that Cuba will be the scene of civil war, that internal strife growing out of dissension among the political leaders will temporarily paralyze the industries of the island."

That excellent paper, the Gainesville News, has been purchased by the Hill Printing Company and is now being issued as a morning instead of an afternoon paper. A telegraphic service has been secured and typesetting machines are used in composition. Gainesville has two excellent daily papers now.

Pensacola's oil well has been abandoned. Too bad. But then the city will have something else to amuse it during the summer. Pensacola seems to be the camping ground of the congressional candidates and it is no trouble at all to organize a political club of several hundred members every night in the week.

The seven disasters of 1902, during a period of less than 12 months, show an aggregate loss of life of 48,450 from volcanoes and earthquakes, 1430 from storms, 333 from floods, 228 from avalanches, 103 from tidal waves, 39 from snowslides and 18 from waterspouts. Is this a judgment upon a sinful world? asks the Jacksonville Metropolis.

The Daily Capital says that "one of the reasons why Mr. Meyers does not attack the records of his opponents is that Mr. Beard has none. Mr. Lamar has one that he is proud of." It is true that Mr. Beard has no office-holding record but his record as a democrat and as one can find in the public men of the

## LAMAR AND MAYS.

On another page of this paper we reproduce a letter to editor of the Tallahassee Capital from Hon. W. B. Lamar relative to certain criticisms against that gentleman for his course in the last State democratic convention towards his fellow townsman, Hon. Darnette H. Mays, who then sought the nomination for governor of the State.

We reprint this letter in simple justice to Mr. Lamar who, as is well known, is now a candidate for Congress. We have heard this matter raised against him by voters of this county who were ardent supporters of Mr. Mays in his candidacy for governor. This writer was a member of that convention and voted for Mr. Mays from the first to the last ballot, and no delegate upon that floor was more ardent in support of Mr. Mays than was the writer. Mr. Lamar's position at that time seems to have been misunderstood by some of the voters of this county and to set him right before the people of Madison county we reprint the letter.

## Ten Years In Bed.

R. A. Gray J. P. Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Sold by D. G. Smith.

## PEACE IN SOUTH AFRICA.

The war in South Africa is over. Peace terms have been arranged and the Boers have surrendered to the British arms. Another illustration of the fact that might often triumphs over right.

King Edward of England earnestly desired that peace in South Africa might be declared before his coronation. His wish has become an assured fact and doubtless he is in a very pleasant frame of mind.

For more than two years the hardy Boers have fought for their liberty and rights, and though defeated the terms of surrender grant to them privileges which they have heretofore been denied. By these terms the Boers acknowledge Edward as their lawful sovereign. All prisoners of war outside of South Africa will be sent back to their homes as speedily as transportation can be supplied and will no longer be deprived of their personal liberty, nor will they be prosecuted for any act in connection with the war. The Dutch language will be taught in the public schools and allowed in the law courts. No special tax will be levied upon landed property to defray the expenses of the war. Taken altogether the terms of the surrender are liberal and the Boers fare well at the hands of the British.

## A Real Friend.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. W. B. Davis.

The Hon. James E. Broome is the recipient of many flattering notices from the press of the State concerning his candidacy for Secretary of State. It is eminently fitting that so tried and true a gentleman should be rewarded for his services to his party.

## Manson Philosophy.

(Continued from First Page.)

Now this item of news may and doubtless will, contain a moral, and it may also savor of the pessimistic, but even a pessimist may be warned not to be too hasty in glimmering the gloom—

And then another week went by; the family began to be uneasy. Still other seven days came and went; the family became alarmed. Yet once again the waiting and Mr. Moody rose up and declared he would go and find her, he would bring her home. Just then the engineer blew his whistle. Ah! the train is coming. Why, she has stopped. The conductor gracefully assists the young lady to the ground, she thanks him and walks leisurely homeward. Why not, O, Pessimist? What, nothing to rejoice over? why, the very gleam of gladness overflowed in this household.

These are some of the saccharines and acids that mingle in the atmosphere of Hanson which combines to keep it pure to the great joy of her people. More anon. RIENZEL.

## Was Wasting Away.

The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Sold by D. G. Smith.

Doesn't it make you feel good all over when you think about it that the president has signed the bill passed by congress for the payment of Florida's Indian war claim, and that the money will now assuredly be paid?

Are the counties of the Third Congressional District other than Escambia to be left out by one of the congressional aspirants? From this distance it looks to "a man up a tree" that Mr. Meyers is confining his campaign solely to Escambia.

## To Cure A Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

With Irish potatoes retailing everywhere in Florida at 50c to 60c a peck and never less than 35c, and the yielding capacity of Florida soil being 100 to 300 bushels per acre, every farmer in this State ought to have a good balance in bank, says the Punta Gorda Herald.

## Constipated Bowels.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main St., Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50c at D. G. Smith's.

## SAFES

...AND...

## VAULTS.

We regard the solidity of safes and vaults of great importance; and have, therefore, devoted much thought, care, and large sums of money, in making this portion of our outfit abundantly secure.

Madison County State Bank,  
Madison, - - Florida.

The Hon. John S. Beard, congressional candidate, is not asleep but is putting in full time telling the people why he should represent this district in the fifty-eighth congress. As will be seen by reference to our news columns that gentleman purposes talking to the people of this county at Greenville and Moseley Hall in the very near future. Mr. Beard is an aggressive, interesting speaker and will entertain all who turn out to hear him on these occasions.
